SPRING SUMMER 2024

WOMAN COLLECTION

The least obvious choice from all the variety of Italian holiday destinations leads up to very little obvious summer style.

SS'24
A MOMENT IN THE SUN

This is the season when the ocean beckons, when we accept the invitation to immerse ourselves in its beautiful, restorative waves or to blissfully horizon. From neutral shades to crisp whites and watery hues the colour palette matches the elements of the landscape in stylish harmony.

A woman with her eyes closed and a serene expression is shown from the chest up. She is wearing a long-sleeved, floor-length dress with horizontal stripes in a vibrant teal and white. Her arms are raised, and she is holding a large, matching piece of fabric aloft, creating a sense of movement and elegance. The background is a clear, bright blue sky above a sandy, textured ground, suggesting a beach or coastal setting. The lighting is bright and natural, casting soft shadows on her face and the fabric.

A LONG BEACH TO ENJOY, A LIVELY CITY TO WANDER. DISCOVER NEW LOOKS WITH SUMMER FLAIR AND MODERN OUTFITS WITH BEACH-READY SENSIBILITY.

GREAT VIEWS AND HIGH EXPECTATIONS. THE
FIRST HOURS IN A HOLIDAY DESTINATION ARE FOR
SOAKING UP THE LANDSCAPE.
